

SERVING VAN LINES & AGENTS FOR 40 YEARS

CHRIS STEER
INSURANCE BROKERS

1969 - 2009

**Chris Steer Insurance Brokers celebrates 40 years
serving the moving industry**

Founded in 1969, we invented the way in which insurance is handled for the Household Goods Moving & Storage. Because of this, we now handle the insurance programs for United, Mayflower, Allied and North American Van Lines and the majority of their Agents.

In a business that is demanding of service, our client relationships have lasted for many years, 30-40 years is not unusual, and 10-20 is our normal minimum. Developing from this background we have entered into Freight, Logistics and allied fields, bringing the same level of knowledge and service to our clients in this industry.

While the Transportation & Storage industry constitutes the majority of our premium volume, we are also extremely well versed as both a Broker and/or Consultant in the field of Real Estate. Chris Steer has been a regular speaker over the years at Legal and Management Seminars on this subject.

We bring an unsurpassed level of intelligence and service to these and many other types of insurance programs.

Members of Canadian Association of Movers and the Ontario Trucking Association
