CAM CONFERENCE Mark your calendar!

Our annual conference has been set for **Sunday, November 20 to Tuesday, November 22 in Toronto, Ontario.**

Details will follow.

CAM golf tournament

Block September 19 on your calendar!

We're heading off to a different course again this year. Our tournament will be at the **Lionhead Golf Club in Mississauga on Monday, September 19.** Lionhead has a reputation for excellence and offers its guests one of Ontario's finest golfing experiences. Lionhead has two championship courses that were designed and groomed to excite every level of golfer. We'll be playing on their Masters course which has a traditional design that's harmonized with the natural surroundings of forest and rolling hills. Watch for details about registration.

CAM supplier representative

In December, we launched an initiative to increase our supplier members' participation in affecting the direction of the Association. In January, a Supplier Representative was elected to the Board of Directors for a two-year term by supplier members. The Supplier Representative role will be to understand the wants and needs of the supplier members and bring recommendations to the Board in a formal way. We welcome **Bryan McLoughlin (The GPS Consulting Group & Insurance Agencies Inc.)** as the new Supplier Representative to CAM's Board of Directors.

Advertising opportunity

More good news for supplier members!
CAM is now offering our suppliers a great new opportunity to promote their products and services to our readership. We will include our supplier members' advertising in our newsletters.

Remember to support your **CAM suppliers**, like Kentucky Trailer shown here.

CAM member surveys

We are heading into 2016 with an expanded Board of Directors and a new Executive

Committee. They will be working diligently to ensure that the benefits of CAM membership have value. Towards this end, in the next few days, we will be sending CAM members a short survey to collect their views on the Association and its offering to members. Please complete the survey and help CAM to meet your needs.

World Cancer Day

February 4th is World Cancer Day, when the world unites to fight cancer together. Show your support, make a donation, spread the word.

CAM member, **Leonard Hoyt (Hoyt's International)** has put a call out for pledges to support him on February 26 as he participates in a community-based fundraising event - "GUT - Get Up There 2016 - Colorectal cancer fundraiser". Teams will snowshoe up the hill and ski down as many times as they can. Help [support](#) Len in reaching his goal.

US carrier news

The US Federal Motor Carrier Safety Administration recently issued a report on a safety impact analysis of its Pre-Employment Screening Program (PSP). The PSP was launched in 2010 to help motor carriers screen and hire commercial drivers. It appears the program is having a significant impact on driver safety. Truckinginfo.com published an article on the study. The PSP Customer Service Team is available by [email](#) to answer questions.

Campbell Bros. - Chambers of Commerce award finalist

Congratulations to Campbell Brother Movers!

"This year Campbell Brother Movers is delighted to announce that we have been selected as a finalist for the Business Achievement Awards by the London Chambers of Commerce in the Large Business Category. Here at Campbell Brothers we always promise a "Higher Standard of Care" and feel that this past year we have had the opportunity to go above and beyond to establish this with the strength of our present team of staff and management. Our ongoing expansion of core services has solidified Campbell Bros. as the only Canadian, family-owned company to provide customized relocation and moving services from a single point of contact on a worldwide platform making us a truly vertically-integrated company. We are eagerly awaiting the results on March 23rd as well as extend good wishes to all remaining finalists!"

Licence requirement in Alberta

In Alberta, if you are involved in direct selling in a place other than your place of business, then you are required to hold an Alberta Direct Selling Business Licence, or be subject to enforcement action. Movers need to be aware that this includes soliciting, negotiating, quoting for services or concluding a contract in person in a client's home. Canada overseas shipping news

CAM's International Committee met on April 20th and discussed two items that have an effect on household goods coming into and leaving Canada.

First, anyone involved in the overseas shipping of household goods in Canada is urged to review recent amendments to the Safety of Life at Sea (SOLAS) convention concerning mandatory container weight verification requirements, or Verified Gross Mass (VGM), taking effect on July 1, 2016.

CAM President is stepping down

Paul Leader has advised that he will be stepping down as CAM President on December 31, 2016. CAM has established a succession committee to find a suitable candidate to replace Paul. The committee has defined the role to be a part-time position in which the successful candidate would be the representative of the Association to the Canadian moving industry, consumers, media, government and non-government agencies, as well as moving associations around the world. The committee is looking for a candidate who will have a track record of leadership in a moving-industry position. He or she will have demonstrated skills in both written and oral communications, organizing diverse groups, government relations and consensus building. The candidate must have a reasonable level of proficiency in computer operations. The successful candidate would assume the role on November 1, 2016 which would be the beginning of a two-month transition period. Interested parties may submit an application to the [national office](#). All applications will be held in confidence with only CAM staff and members of the committee knowing the name of the applicant.

CAM members provide aid to Alberta

The wildfires continue to burn in Alberta and have spread into Saskatchewan. The loss and devastation in these provinces is tremendous. The fires have now consumed almost 600,000 hectares in Alberta alone. Entire communities remain evacuated, although the Alberta Government just announced a conditional, phased re-entry plan for residents to return to Fort McMurray beginning on June 1.

We're hearing some amazing stories about how CAM members are contributing to relief efforts. For example, **Domestic Moving & Storage** in Newfoundland & Labrador offered free shipping of care packages to evacuees in Alberta from their families in NL. **Atlas Van Lines (Canada) Ltd.** announced that many of their agents across Canada would act as drop off centres for donations to Fort McMurray and Atlas would transport the donations to the Edmonton Emergency Relief Centre. So far, they've collected and delivered four trailer loads of donations with more to go. As well, the International Association of Movers' partner, the **American Logistics Aid Network (ALAN)**, is actively helping to provide disaster relief. Contact [Kathy Fulton](#) to find out how you can help with that.

Well done, CAM members! Please do what you can to support the affected movers and the communities and to contribute to the relief efforts.

Global News

CAM was recently approached by Global BC & BC1 for comments on a mover's liability in a household goods move. CAM **Director Doug Kellough (Salmon's Transfer Ltd.)** was interviewed for the story. Here's a [link](#) to the Global News report.

Driver Safety

It's after midnight, and the road ahead is clear. You know you can make up some time. Yet you also start to feel a little drowsy. Your best bet: find a safe place to pull over and rest. That's pretty good advice from **Penske Truck Leasing**. Here's an article from their *Safety*

Bulletin: [Focus on Safety: Six Fatigue-Fighting Tips to Keep You Alert](#) .

Data mining

Some CAM members have received an email from a data marketing company about their "recent contact acquisition of Canadian Association of Movers Professionals Contacts from various sources like Trade Shows, Exhibitions, and Data Partners etc." CAM does not distribute, release or sell its member contact information to third parties, so the company's information has been collected by other means.

Moving company in GTA for sale

A moving company in the Greater Toronto Area is for sale, including all stock and equipment. The company is a long-standing member of CAM. Interested persons can call the CAM national office for details.

Referrals from CAM

CAM offers consumers several ways to connect with our mover members. Consumers can call us and we'll recommend three members near them. They can visit our website and browse our member list and call members near them. They can also send a message directly to movers listed on our website with a few details about their upcoming move. These are automated requests that are sent directly to movers by consumers via our website. **Please be sure to check the email address in the "To" box when you reply to these consumer requests to ensure you are sending your response to your prospect and not to CAM.** On average, we make about 160 referrals per month to our members.

CAM vacancy

At the end of this year, the position of CAM President will be vacant. If you are interested in the position, please submit your [application](#) to CAM's national office. All applications will be held in confidence. It's a part-time position in which the successful candidate would be the representative of the Association to the Canadian moving industry, consumers, media, government and non-government agencies, as well as moving associations around the world. The preferred candidate will have a track record of leadership in a moving-industry position and demonstrated skills in both written and oral communications, organizing diverse groups, government relations and consensus building. The candidate must have a reasonable level of proficiency in computer operations. The successful candidate would assume the role on November 1, 2016 which would be the beginning of a two-month transition period.

You can view details on this and other [job opportunities](#) on our website in the Employment area.

CAM's lobbying update

On June 21, CAM asked mover members in Canada to send a letter to their federal Member of Parliament to request that current Customs clearance practices in Canada be applied consistently across the country. Thanks to everyone who sent the letter. We've had one MP ask for more information. We'll keep you informed on the progress of this campaign.

Workplace Safety changes coming

There are significant changes to Ontario's Workplace Harassment Law taking effect on September 8th, 2016, according to **Greg Sathmary** (Industrial Mediation Professional Corporation). Come on out to our annual conference in November to hear what Greg has to say about this and other changes.

We wanted you to know and couldn't wait to tell you!

What's New?

Today the Canadian Association of Movers surpassed our membership goal for 2016!

Yes, today we are 401 members strong and just had to share the news with you. Not only is this beyond our 2016 goal of 400, but it's 10% more members than last year! We're growing and we're gaining momentum doing it.

Did you know?

- Half of CAM's members have been active members for over 5 years and many for 20 years and longer! They understand that CAM membership is the best way to ensure that their company is connected with the finest movers and suppliers in Canada and they get the recognition and business opportunities they seek.
- There are about 2,900 visits to CAM's website, www.mover.net, each month and that's 33% over each month last year. Our visitors are consumers looking for reputable movers, as well as movers trying to connect with the industry's finest suppliers...and that means business for our members.
- CAM refers consumers looking for a good mover to members about 170 times each month, either through our website or calls to the national office. Can you afford to turn away this kind of exposure for your company?
- CAM is contacted by consumers about 40 times each month just to validate a mover's reputation. Half the time, they ask about CAM members and they learn that CAM screens and endorses its members.
- About 15 complaints about movers are lodged with CAM by consumers every month. Only 2 or 3 of these involve CAM members and, because of our members' commitment to fair business practices, these issues get resolved.

CAM promotes the finest movers and industry suppliers in Canada and provides our members with recognition and business opportunities. If you are not a CAM member, then you are missing out. Contact us for information on how to join.

How do I join CAM?

We want to add your company to our member roster. Information about how to join CAM is available on our website. Contact CAM today - get involved with your trade association, help to guide the future of your industry and find out what CAM can do for you.

Are truck driver jobs going to disappear?

On October 22, 2016, *The Canadian Press* reported that **Finance Minister Bill Morneau** made a comment at a meeting of the Ontario wing of the federal Liberal Party that some jobs will disappear in the years to come, such as truck drivers and receptionists. You can read the *National Post's* [article](#).

David H. Bradley, President & CEO of the Canadian Trucking Alliance was quick to respond on October 24 with a letter to Minister Morneau. In it, Bradley expressed concern about the impact of these comments on the morale of truck drivers especially at a time when the industry is facing a driver shortage. He advised that, in fact, the number of truck driving jobs that need to be filled in Canada will increase in the years to come. Read Bradley's [letter](#).

CAM ANNUAL CONFERENCE IN MONTREAL IN 2017!

2016 CAM Executive, Directors and Award Recipients

Our annual conference in Toronto was another great success, based on the feedback we've received so far. We had about 100 attendees at the sessions, 21 trade show booths and 150 attendees at our annual awards dinner - our most ever! Thanks to our sponsors and exhibitors for supporting the event and to all the attendees who helped

to make it a very rewarding experience. The presentations can be viewed on CAM's website. Our Conference Committee will now begin planning our 2017 conference to be held in Montreal. Watch for details.

Presentations

CAM's Annual General Meeting

CAM's Board of Directors will be reviewing the minutes of the Annual General Meeting that was held on November 21, 2016 at their next meeting. Once approved, the draft version of the minutes will be circulated to the principal contacts for all member companies. They will then be on the agenda for approval by members at the next Annual General Meeting in the fall of 2017.

Move for Hunger honours CAM member

Move for Hunger made a special presentation to one of CAM's members, **Armstrong Moving & Storage** (Mississauga, ON), at our recent annual awards dinner. Armstrong Moving joined Move For Hunger in November 2011. Since then, they have rescued and delivered 31,134 pounds of food and delivered to their local food bank, the Mississauga Food Bank. This is enough food to provide nearly 26,000 meals for those in need. The Armstrong Moving Team was awarded the Move For Hunger Mover of the Month in January 2016. [Click here](#) to read the article and see picture. In August 2015, they challenged their staff in their [Pan ARM Games Food Drive](#), where they collected 560 lbs of food for the food bank! The Armstrong Moving Team in Toronto is truly passionate about helping the community they serve and Move For Hunger is honored to assist them with their hunger relief efforts. The award was accepted by **Rod Speers**. Congratulations to everyone at Armstrong for a job well done.

New regulatory amendments in Québec

New regulatory amendments to road vehicle safety standards came into force on November 20, 2016 in Québec. The circle check is a sight and sound inspection of the accessible components of a vehicle that makes it possible to detect defects, quickly notify the operator/owner and prevent the vehicle from being operated when its condition poses a risk of an accident or a breakdown. You can access the relevant information directly on the [SAAQ](#) (Québec's Société de l'assurance automobile) website.

Did You Know?

As we continue to grow, awareness of CAM as a competent and viable association is continuing to spread within Government bodies across Canada. More and more, consumer agencies are advocating to clients and consumers that they ensure any mover they might require for their up-coming relocation be a member of CAM. Just recently a rather large mortgage company added CAM as a primary resource to their website. The principles and code of ethics under which CAM members operate speak volumes for consumer protection. Should you know of moving company that meets our standards, encourage them to become involved with CAM.

BRAND HIJACKINGS BY ROGUE MOVERS

There's a new scam in the marketplace and it's presenting a terrible threat to consumers and reputable moving businesses - it's brand hijacking. Criminal enterprises are creating ads that include reputable brands but with their own contact information. They are also hacking into Google accounts and redirecting prospective customers to their own organizations. Consumers are being led to believe they are getting quotes and booking their movers with credible brands when in fact they are all rogue movers who have no equipment or trucks. The problem is expanding across national Van Lines and other moving companies. **Members are urged to Google their own companies and check any links to ensure that there's not been a trademark violation.** If you find a violation, advise Google's Trademarks team and your anti-fraud centre immediately. CAM has advised various Canadian consumer protection agencies about this fraud and there is some action being taken by these authorities. We'll keep you advised of developments.

Mover fined in BC

Consumer Protection BC just issued a [press release](#) about a \$7,500 fine they levied against Canadian mover Canadian Van Lines aka Coronation Van Lines for deceptive business practices. According to Tatiana Chabeaux-Smith, spokesperson for Consumer Protection BC, "not only was this company knowingly - and repeatedly - making false pickup and delivery promises to customers, but it also refused to issue required refunds, used non-compliant contracts, misrepresented its business location and failed to provide our inspector with required information." Media in BC and Alberta have covered the story. Read more on CAM's [website](#).

Ontario releases report on HHG moving industry

In 2014 the **Ontario Ministry of Government and Consumer Services** commissioned a review of the household goods moving industry in Ontario as part of its effort "to ensure stronger consumer protection in the marketplace regarding the household moving industry". The Ministry's *Final Report: Ontario's Household Moving Industry, May 2015* which was prepared by Prism Economics and Analysis represents the findings of a literature review, surveys, Statistics Canada data and information collected from other industry stakeholders including CAM. Their findings comment on the size of the industry and vulnerability of consumers at the hands of illegitimate movers. The full [report](#) is now available for your review.

CAM press release

CAM has issued a [press release](#) as well about our awards that were presented at our annual awards dinner on November 21, 2016. This was our largest dinner ever with 150 guests. Congratulations to all of our award winners.

Mackie Moving Systems joins Atlas Canada

Mackie Moving Systems will become an agent of **Atlas Canada** on March 1, 2017. The company was founded in 1928 and has offices in Alberta, Ontario, Nova Scotia and New Brunswick. Here's a [press release](#) issued by Atlas Canada on December 15, 2016.

CBSA news for sufferance warehouse operators

The **Canada Border Services Agency** has issued a communiqué concerning e-Manifest Notices and the Deconsolidation Notice. All freight forwarders are now required to transmit house bill data to CBSA electronically. This mandatory requirement took effect on November 7, 2016. Non-monetary penalties may be applied starting January 11, 2017 and monetary penalties may be applied starting July 12, 2017. If you are engaged in freight-forwarding, you must be compliant with these new regulations by the specified time period. We recommend contacting your EDI service-provider for compliance solutions. Customs clearance into the UK update

Last month, we informed you about the new process for clearing household goods and personal effects into the UK that will take effect from January 1st, 2017. The **British Association of Removers** just provided CAM with an update that says the old paper method will be accepted during a period of transition until March 31, 2017. You can read their [letter](#).

Know Your Risk for Obstructive Sleep Apnea

Your eyes get heavy. You struggle to focus. You yawn. If it's the middle of your shift, you may reach for that second (or third) cup of coffee. Before you do, also consider your overall health and the quality of your sleep. Here's some safety information from **Penske Truck Leasing**. [Know Your Risk for Obstructive Sleep Apnea.](#)

Did You Know?

CAM's membership is a pretty inclusive group of companies servicing the household goods industry in Canada and abroad. The foundation of CAM's membership is, of course, Canadian movers who comprise 74% of all members. Of these, one in five are independent movers and the rest are agents affiliated with Canada's national van lines. A further 11% are international movers and about 9% are suppliers to the industry. The rest of CAM's members are affiliate

companies, van lines head offices and various industry associations. CAM's membership is increasing steadily - contact us to find out [what CAM can do for you](#).
